Rare Breed Pork

Online

Our Approach

We aim to produce the best pork you can buy. In this respect we have chosen only to use rare breeds, principally the Saddleback. We control every step of the process from buying in weaners from selected local small farms.

As with our Beef and Lamb, we believe in a gentle, non-intensive approach to farming. This pays off in terms of happy, healthy animals and eventually a very good product which we are all proud to sell.

The Farm

Hallsford is a 'half way up the hill' farm. It is an extensive system relying heavily on clover and grass. The breeds suit the environment.

Our animals are slaughtered locally at a small abattoir in Lockerbie, hung as appropriate and butchered by Andrew and team in our own facility at Hallsford. We strongly believe that animals should not travel the length of the country before slaughter.

Your meat will arrive vacuum packed, prepared for the oven or freezer. It is delivered in temperature tested packaging with ice packs on a next day service. We will contact you to advise as to the exact delivery date.

The breed, the husbandry and the preparation make a real difference to the flavour. We hope you enjoy it.

Order line: 0141 416 3290 (Local Rate) or 01228 577329. We are happy to cut to your specific requirements.

This is a farm, so we are open seven days a week! Ring early or late, we should be around.

Andrew & Helen Tomkins.
